COURSE INFORMATION UPDATES

NO PLAY ZONE on #10 is IN THE PENALTY AREA

At the right-hand bend on the riverbank side of #10 fairway, alongside the approach and walk down to the next level, is a roped NO ENTRY area which is, under our LOCAL RULES, currently designated as a “**NO PLAY ZONE**”

This NO ENTRY = NO PLAY ZONE is now deemed to be **IN THE PENALTY AREA**.

Consequently, the LOCAL RULE is further amended to state:

When a ball is at rest in this NO PLAY ZONE the player MUST take COMPULSORY 1-stroke penalty relief outside the penalty area (2 club lengths lateral relief, stroke and distance, back-on-line).

The Rule 17.1e (2) option to take free relief by dropping a ball outside the NO PLAY ZONE but **IN the PENALTY AREA is NOT employable in this particular area of the course.**

NOTE: Playing the ball from the NO ENTRY = NO PLAY ZONE will incur the General Penalty (2 strokes)

WARNING: The NO ENTRY = NO PLAY ZONE area has been seriously undermined by the natural forces of the river below it

- Do NOT enter the NO ENTRY = NO PLAY ZONE area under any circumstances.
- Only retrieve golf balls from the NO ENTRY = NO PLAY ZONE if retrieval is possible without physically entering the zone
i.e. with the use of a golf club or ball retriever

IMPORTANT NOTICE
COURSE INFORMATION UPDATES
